TAKREEM – Inspiring Generations

Abu-Dhabi - October 26, 2022:

For **nine consecutive years**, TAKREEM Awards Ceremony was held in **nine different cities**, within the Arab World and beyond, to celebrate Arab men and women who are each making history in their own way. Beirut, Doha, Manama, Paris, Marrakesh, Dubai, Cairo, Amman, and Kuwait, each of these nine cities witnessed and applauded Arab excellence and achievements until 2019 arrived, until the dynamic was defied, and change forced its way into our lives. In 2019, change flooded the streets of Lebanon, as the people reclaimed their country, asserting their right to control their own destinies. It was a change inspired by the years of brave work by Arab and International compatriots. It was a change that deserved our attention and required us to put off the Awards Ceremony for a year. But the year 2020 was not gentler, nor on the Lebanese, nor on the region and the world. As COVID-19 started to rapidly spread, we understood that change was far from being over, it had just begun. And as the world was adapting to a new reality, a parallel reality hit the city of Beirut at its core. Our beloved city became a shadow of itself. And even though, this is not the change we yearned for, we understood it was a wave of change we needed to ride to reveal a new shore of hope. The year 2020, marked TAKREEM's first and only Online Awards Ceremony, a ceremony that asserted: "we shall not give up". In 2021, we were still fighting, but this time, we were fighting for Beirut "*against all odds*", and despite all the upheaval that surrounded it, we chose Beirut to host the 11th edition of our Awards Ceremony. This year, we have decided to set the cornerstone to a new and bolder way of doing things. The year 2022 marks a turning point in TAKREEM's journey. The foundation looks forward to working closely with new partners to set together a new standard in how the Arab World celebrates its success stories, connects its trailblazers, gives back to its community, and strives to support its hope for a brighter future. To celebrate and mark this new beginning, TAKREEM held its 2022 Award Ceremony in a vibrating Arab city known for its thriving, daring youth and its creative drive. The TAKREEM 2022 Awards Ceremony was held at The Cultural Foundation in Abu-Dhabi under the patronage of His Excellency Sheikh Nahayan Mubarak Al Nahayan.

This year, the following laureates were recognized for their achievements:

- **Prof. Hala Zreiqat – Jordan** for the Scientific and Technological Achievement Award
